

Raymond Recorder

VOLUME 37

FRIDAY AUGUST 11th 1944

NUMBER 11

Local Lions Club Hold Meeting

The Raymond Lions Club held their first meeting in August in the 2nd Ward Hall with the 2nd Ward Primary ladies furnishing the cats.

Pres. Mutt Ralph was in the chair and after the singing of "Oh Canada" prayer was offered by Lion Jim Barker.

36 members were present and 7 guests.

The club decided to sponsor the sale of tickets for the benefit of the Navy League each member taking a book of tickets to sell.

District Governor Phil Baker was present and gave a few of the high lights on his visit to Chicago for the Lions Convention. Phil reports a real time, and although the Lions Club is the youngest of all service clubs it has the largest membership. Approximately 10,000 Lions were present at the convention.

The Raymond Lions Club Quartet then entertained the members with a selection which called for an encore but the boys were not prepared for a second number.

Community singing was then enjoyed by all under the leadership of Lion Tamer Ira McFriede. This was followed by some thrilling experiences related by Paul Woolley of the Canadian Navy. Paul is glad to be back in Raymond.

The meeting closed in the usual manner.

NEWS NOTES

When a four-motored airliner crashed off the coast of Cuba on Tuesday one person was known to have been killed and other deaths were feared as the debris was being searched for missing bodies.

Ludwig Lital, who has been at the Sugar City Motors for a couple of months has gone back to Lethbridge to work where he has gone into partnership with one of his former fellow workers in the "77" garage there.

The Hon. Solon Low was in Taber and Deer Park on Wednesday. A meeting with the Deer Park people was held Wednesday evening and when Solon came out to come home he had two flat tires. There were no punctures in the tires and it appears to have been someone's idea of a good joke on the Minister.

Overseas

Ray Mackness is a name that should be on the cornerstones of Canadian radio. He stepped over the broadcasting threshold at 17 and has doubled his age in the service of a listening public. He joined the CBC in 1938 but, like over a hundred of its other members, has been on active service since early in the war. He is attached to the RCAF overseas.

THANKSGIVING DAY OCT. 9

Ottawa, August 8. Thanksgiving Day will be observed this year on October 9. It was announced today in a proclamation published in an extra edition of the Canada Gazette.

Thanksgiving Day is one of the six statutory holidays which the government has recommended be generally observed. The date is set each year by proclamation.—Lethbridge Herald.

COW TESTING MONDAY

On Monday next, cow owners have the opportunity of getting their cows tested for T.B. and Bangs disease at a very nominal cost. See the bills for details.

It will be necessary for the owner or some responsible person to be with the cows when tested to assist the Vet in his work. It may be some time before arrangements are made for another testing of cows and in the interest of everyone's health all cows should be tested. It may save a big hospital bill and possibly even someone's life to have these tests made.

MUNICIPAL COUNCIL MEETS

The regular meeting of the municipal council was held Wednesday afternoon. Most of the time was taken up in routine business and the passing of the payroll.

A delegation of land owners was present representing the farmers on the road straight south of the town. They asked to have some travelling done on this road and the Council offered to put up one-third of the cost, the farmers to put up one-sixth, and the Province one-half. This was agreed upon on a basis of one-half gravel seven or eight miles, or as far as the money would go. Before noon on Thursday the farmers committee had most of their money collected. It is planned to go seven miles straight south and then jog east one mile, giving a great many farmers gravelled connections to the town. We compliment the Council and the farmers on this progress. We hope the government on its readiness to co-operate in such road building programs that benefits everyone so much.

LONDON HAS PINEAPPLE \$16 - \$21 EACH

London, August 9.—Londoners had pineapple Tuesday for the August Bank Holiday—at a cost of from \$16 to \$21 each.

Watermelons were \$7 apiece, grapes about \$5 a pound and peaches 80 cents to \$1.50 each.

WEDDING BELLS

NAVRATHIL — HANCOCK

Celia, daughter of C. E. and the late Mrs. Hancock, and Frank, son of Mr. and Mrs. A. Navrathil, both of Raymond, were married in Lethbridge last Tuesday evening at the home of Miss Frank Steele, with the Bishop performing the ceremony. Wm. Mitchell was best man for the occasion and Miss Pearl Hancock, a sister of the bride, supported Celia. Only these few were present.

They are setting up housekeeping in the Henry Elbert home and will make their home here the groom being engaged in farming south of town. The best wishes of the community are extended to them for a long and happy married life. Celia has been running the milk truck for the Hancocks for many years and for quite a long while and is well known by townspeople.

Solon E. Low Wins Warner Constituency

Election day on Tuesday was a busy day for everyone. In Raymond three polls were operating from 9 a.m. until 6 p.m. and over 300 voters cast their ballots there during the day. Some were late and lost their opportunity, a radio broadcast stating that voting was from 9 to 7 p.m. The broadcast apparently was made only for the city folks, but some of the people heard it and laid their plans accordingly and lost their vote because of it.

A good vote was polled throughout the constituency and returns started coming in about 7 p.m. In most of the polls a majority was shown for Solon Low, Social Credit, and the winning of the various candidates in the Warner riding was as follows: E. Low, C.C.F. 413; Low, Social Credit 1,606; Madge, Single Tax 479; Walker, Independent, 630. Following is the results of the voting poll by poll:

Bethom, C.C.F.	15	79
Low, S.C.	4	15
Madge, S. T.	3	4
Walker, Ind.	5	10
Deer Park	26	45
St. Kilda	12	6
Kennedy's	15	13
One-Fourteen Courts	5	19
One-Sixteen	13	32
One-Seventeen	20	44
Twin River	148	23
Milk River	148	23

Two-Fifteen	7	12	59	2
Sleepy Hollow	2	16	5	
Alberston	2	7	25	
Madraslu	6	36	32	2
Golden Prairie	7	16	7	
Watts	5	18	15	8
Powell	6	13	8	1
Warner	30	128	61	66
Wilson	52	91	11	12
New Dayton	23	35	22	28
South Raymond	8	41	1	21
Raymond	27	480	3	286
Stirling	20	193	19	21
Wrentham	58	75	1	5
Skiff	21	33	1	2
Chin	12			10
Amiens	19	80	2	7
Legend	12	13	2	3
Nugis	9	16	25	4

Total Votes Polled 3,128.

Throughout the Province the government was returned with almost as large a majority as in the 1935 voting. Thursday morning the radio reported 42 Social Credit seats, one Independent and one C.C.F., the other 16 including the three soldier seats being still doubtful, but Social Credit candidates were reported as leading in 8 as the counting was going into its final stages.

On the radio Tuesday night when the government victory was conceded Premier Manning expressed his satisfaction at the outcome and complimented the voters of the Province in the confidence they had shown for his Government and stated that the results would show the rest of Canada that Alberta was to continue as the leader of all Canada in the movement for social progress and development.

In the neighboring riding Hon. N. E. Tanner was elected in Cardston with an overwhelming majority. Roy S. Lee won in Taber with a commanding lead. Mrs. E. B. Thurston, Social Credit candidate in the Cypress riding won over all the others this seat being another win from the Independent group. Jack Landeryou won in Lethbridge over D. H. Eaton on the third count and James Hartley won Macleod and Hon. Peter Dawson won Little Bow riding. All these candidates are Social Credit making a "solid south" for the government party.

NEWS NOTES

S. B. Card was a Taber visitor on business last Friday.

Mrs. Blanche Scoville of Calgary spent the week-end in Raymond with relatives and friends.

Alma Smith of the R.C.A.F. son of Mr. and Mrs. S. B. Smith has recently been transferred to Toronto, Ont. for further study in the Air Observers course.

Members of the 33rd Presidency were in Magnith Sunday evening. The residents on the block between Howard and Rasmussen's and A. C. Fawcett turned out en masse to Tuesday to lay a four foot sidewalk on this block. Through a deal with the town the town funded the cement and the supervision and the rate payers furnish the sand and gravel. The residents on the block are looking wonderful in the improvement on this block.

Mr. and Mrs. J. A. Johansen of the 2nd ward Sunday evening. The residents on the block between Howard and Rasmussen's and A. C. Fawcett turned out en masse to Tuesday to lay a four foot sidewalk on this block. Through a deal with the town the town funded the cement and the supervision and the rate payers furnish the sand and gravel. The residents on the block are looking wonderful in the improvement on this block.

Threshing Outfits To Be Given Special Border Crossing Arrangements

Prime Minister

Prime Minister Mackenzie King commemorated the 25th anniversary of his election as leader of the Dominion Liberal party on Monday of this week. He is nearly 70 but carries his age exceedingly well. As he entered the House of Commons he was greeted by a thunderous round of applause from members of all parties and all the leaders paid tribute to his leadership. Liberal members of the House tendered Mr. King a complimentary dinner Monday night and no sitting of the House was held.

Mr. and Mrs. Cyril Layne were Glenora visitors on Thursday of last week renewing acquaintances amongst their old friends.

NEWS NOTES

Extending the purge in Germany the attempt on Hitler's life, eight more officers were hanged on Monday which brings to sixteen the number slain in the purge.

Arthur Garner was busy on Tuesday pouring cement for the foundation of his new home near his old business. T. K. Roberts has the work in charge.

Mr. and Mrs. Sven Johansen of Wolford, Alberta were Sunday visitors here at the home of Mr. and Mrs. Ralph Meldrum.

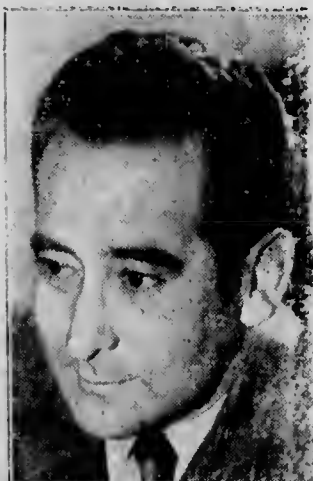

THREE BABIES ARE BURIED

Three infants have passed away and been buried within the past ten days. The baby of Mr. and the late Mrs. Jean Navrathil was buried on Wednesday of last week after services in the Relief Society room of the 2nd Ward Church. Counselor W. A. Heston was in charge of the service and he and others were on the program. On Saturday at the home of the Navrathils, Mr. and Mrs. A. Scoville, services were held for the twin girl babies of Mr. and Mrs. Merle Holt. These babies died one Thursday and one Friday before the best that medical science and loving care could do for them. Bishop Palmer and Jas. S. Anderson were the speakers and Mothers L. D. King and J. H. Walker contributed to the musical program.

Our deepest sympathy goes out to the parents of these infants in their sorrow.

Marble "Scotty" Blair was taken to the Lethbridge Hospital Tuesday morning suffering from a slight stroke. He is improving now and expects to be home again within a few days. Scotty has been caretaker of the Town Hall and the lovely grounds and flowers are a real tribute to his fine work.

Going East

Ernest Morgan, who began his radio career as a broadcast announcer on a New York station and joined the CBC in 1933, has been named program producer at Vancouver for the past four years. He is moving to the National program office to a new appointment.

LET'S ALL PULL TOGETHER

The election is over, the people have given their verdict and the Social Credit Government has been returned to power stronger than ever. We had our say with the ballot, now whether the result was the way we wanted it or not, the thing for us to do is to go to work and do all we can to support the Government as a whole and our local member in particular.

There is much that can be done, should be done and will be done, in the forward movement of our town and district. There should be a full and complete understanding between municipality, school districts and the various departments of the Provincial government in solving the problems that come up from time to time. Differences of opinion are bound to arise, requests are made and will continue to be made that cannot possibly be met, but this should not cause any cleavage between local bodies and their departments of Government. On Wednesday morning one person put it this way "After the vote of the people as it has been expressed, we should all be Social Credit," not meaning that anyone should change their opinions, but that as much as the verdict of the people had been given we should all support the party that was returned to power. That is good advice. It is not easy, it does not mean that mistakes should be condoned and passed over unnoticed, but it does mean that co-operation should exist between all concerned in the best and quickest solution to the problems that arise.

The overwhelming majority of Social Credit members elected proves

MONTE SCOVILLE WINS CARRIERS' STAMP DRIVE

With total sales in war savings stamps amounting to \$1,067.50 Monte Scoville on route 92, Sunnyside, was top salesman in The Herald carriers' stamp drive. Prizes were presented at a banquet in the Palliser Hotel Tuesday night by Z. W. Dean, who was in charge of the boys' drive. The drive, held Feb. 1 to June 24, realized \$6,707 in war saving stamps by the 160 paper carriers of The Herald.

Because they attained the quota in stamp sales and paper sales, nearly 80 newsboys were entitled to attend the banquet for their efforts. —Calgary Herald.

one of two things, either satisfaction and confidence in the present administration, or the choosing of the lesser of two evils and putting back the Social Credit in preference to C.C.F. to some other nattered party. In any event Social Credit is in again and as good Albertans it is everybody's duty to support it in every way possible and make our Province the leader of all Canada in sound government and social progress. We believe it is possible and that it is possible and that it will be done.

Have YOU Been Inoculated for Scarlet Fever, Typhoid or Diphtheria

Inoculations are given each Saturday from 10 to 12 a.m., and all parents should see that their families have the protection these inoculations afford.

MAINTAIN PRODUCTION

The food needs of Canada and her Allies require maximum agricultural production.

The Alberta Pacific Grain Co. (1943)

MOUNT ROYAL COLLEGE

John M. Gordon, B.A., B.D., Principal offers superior business specialisation courses:

STENOGRAPHIC - SECRETARIAL BUSINESS ADMINISTRATION

Highly qualified instructors give thorough individual instruction to prepare you for a well paying job.

A special combined Secretarial - High School course is available to the student wishing to take high school subjects and at the same time obtain practical business and secretarial training.

Superior modern residential and boarding facilities are available at moderate rates, but early application is advised.

Full term opens September 5th.

FIRST YEAR UNIVERSITY—Leading to Degrees of B.A., B.Sc., B.Educ., B.Com., and L.L.B.; combined courses B.Sc. in Engineering; Pre-Medical and Pre-Dental.

HIGH SCHOOL—Grades X, XI, XII. All subjects taught by exceptionally well qualified teachers.

TERMINAL COURSES—Medical and Dental Assistants, Journalism, Church Secretaryship.

SPEECH, DRAMA, MUSIC—Private and class instruction.

PETROLEUM ENGINEERING—in co-operation with the UNIVERSITY OF OKLAHOMA, a Special Course is open to Students who can enter from Junior Matriculation.

Scholarships and Bursaries Available to Qualified Students.

For details write the registrar MOUNT ROYAL COLLEGE CALGARY, ALBERTA

Mr. and Mrs. Glen Meeks and son of Raymond were Magrath visitors on Tuesday.

Mrs. Heber Coles condition remains about the same there apparently being little if any improvement.

Ted Prince, commenced his work as cheese maker at the local factory on Monday. He and his family are living in the house just next the Co-op on the east. He has been assistant to Ned Davidson in the Glenwood factory for the past two years and is fully qualified.

R. Stewart of Wrentham was a business visitor here on Thursday.

Labor Day coming up on September 4th is the next official holiday.

Miss Joe-Anne Poulsen of Raymond is visiting her grandparents, Mr. and Mrs. J. J. Swang.

Jimmy Weaver of the R.C.A. in Lethbridge was home Tuesday evening for awhile.

Mr. and Mrs. Ross Larson left Thursday morning to spend part of their vacation with Mrs. Larson's sister and family in Blairmore.

Mr. and Mrs. Allen Bradley are planning on spending their vacation in Waterton Park. Brad's vacation starts on Tuesday of next week.

Ralph Fraser arrived in Raymond Wednesday evening from Comox, B. C. where he is in the employ of the B.C. Government. He will spend his holidays here.

The election so far as Raymond was concerned was quiet, orderly and businesslike. Scrutineers, those hauling in voters and everyone else worked together in a very fine way and the voters seemed to feel that they had a job to do and they turned out and done it in goodly numbers.

HIGH ACCIDENT RATE ON FARMS

The cold truth is that the ratio of preventable accidents in agriculture is higher than in other industry. Many hundreds of farmers and members of their families are killed and many thousands injured in accidents, most of which could have been prevented if there had not been previous neglect.

Machinery is the chief source of farm accidents; livestock runs close second and falls are in third place. Steps should be taken to prevent

SHUR-GAIN News OF THE WEEK

CULL OUT POOR LAYERS OFTEN!

This is no time to keep boarders, cull your whole poultry flock often . . . and realize new profits . . .

We find that it is common practice among owners of small flocks, to cull the birds just about once a year—and it is usually when the pullets are going into the laying house. After careful experimentation, we have proven that it is far more satisfactory to cull flocks at other periods of the year—because, winter or summer, a grown hen is a valuable feed! If she doesn't produce eggs, she becomes a money loser for you—instead of a source of big profits. There is a ready market now for fowl . . . so go over your flock and market every individual hen who shows signs of being unprofitable as a layer. Then use your time and feed for the good birds—the ones who will lay steadily through fall and winter.

After you have culled the poor birds, pay special attention to the feeding of your flock. You know, of course, that unless you feed MATERIAL FOR PRODUCING EGGS—you cannot expect to get any great number. The hen is actually a machine which converts raw materials into eggs for Britain. Grains grown on your own farm will supply the nutrients which produce egg yolks—three to every egg white and shell. BY ADDING TO YOUR OWN GRAINS—a concentrate which is rich in protein, for egg white and shell, your hens can produce the maximum number of eggs. SHUR-GAIN EGMAKER CONCENTRATE added to your own grains enables you to make a completely balanced, high production laying mash—at LOW COST.

Remember that part time production from hens is not only unnecessary—but unprofitable—so start now, to feed SHUR-GAIN EGMAKER CONCENTRATE with your grains . . . your GUARANTEE OF GREATER PROFITS THIS YEAR!

Your Shur-Gain Dealer

RAYMOND CO-OP.

SHUR-GAIN

CONCENTRATES

A CANADA PACKERS PRODUCT

all possible accidents. It is worth noting that loose clothing is given as the cause of one-third of all the fire losses are also serious and farm accidents involving machinery, would indicate that it would be a good idea if once a month there should be a real check-over of the possible sources of fire hazards. When a fire breaks out on a farm it is not something that means calling out the fire department to check a blaze—on the farm it frequently means total destruction.

It's a good idea

To Play Safe!

Sending money to other points in Canada is both inexpensive and easy when you use your TREASURY BRANCH SERVICES.

TREASURY BRANCHES throughout the province can transfer money for you by either mail or telegraph to any point in Canada.

When you plan to travel, be sure to see your local TREASURY BRANCH for TRAVELLERS' CHEQUES . . . They're the SAFE manner to carry easily negotiable funds.

Use them . . . your Treasury Branches . . . for your own complete satisfaction.

TREASURY BRANCH

E. E. JENSEN Manager Raymond

Thank You:

Just a word of deep appreciation for the very fine support I received during the campaign and on election day, and the whole-hearted support of the Social Credit government as shown by the count of the ballots.

It will be my purpose during the coming years to work for and with you and the Government of our fine Province in the continued fight for security and freedom and for the rehabilitation of our men and women who are now overseas.

I hope to visit the Constituency frequently and will appreciate the opportunity of discussing matters with you.

Solon E. Low,

Your representative.

PETROLEUM PRODUCTS POOL

It Doesn't Leave a Lot for the Civilian

WHEN war demands have been filled . . . when invasion gasoline, aviation gasoline, Navy fuel oil, petroleum for the manufacture of explosives, synthetic rubber, and gasoline for war industry, farming and essential trucking all have been taken from Canada's oil supply—it doesn't leave a lot for the civilian!

Figure it out for yourself. It takes 5,250,000 gallons of gasoline to fuel 5,000 bombers and fighters for a mission over Germany. It takes enough oil for one fueling of a battleship to heat an average house for 350 years. It takes 18,000 gallons of gasoline to keep one armoured division on the move for one hour.

From petroleum and petroleum gases we obtain the gasoline and fuels needed to power planes and ships and tanks as well as the raw material for acetone, ammonia and toluol for explosives, organic chemicals for anaesthetics, naphthas for camouflage paints and plastics and resins for war weapons production.

This is why civilian gasoline is short. This is why it's up to every motorist, to every owner of an oil-heated home, to exercise the strictest economy in gasoline or fuel oil usage. Every gallon we can do without here at home is one gallon more for the fighting men. And they need every gallon they can get.

Two full years of gasoline rationing and fuel oil control in Canada have saved 393,000,000 gallons of gasoline and 175 million gallons of fuel oil—a total saving of 568,000,000 gallons of petroleum products. Yet, despite this saving, gasoline stocks on hand in Canada, as of March 31st, this year, were 55,000,000 gallons less than at the commencement of rationing, April 1, 1942.

Oil has a mighty war job to do—yet supplies are short and are constantly dwindling. Oil powers the attack on every front. Oil can mean the difference between success or failure, between light casualty lists and heavy. Oil is vital ammunition—not to be wasted, not to be needlessly, frivolously spent.

Answering Your Questions about the Gasoline Shortage

What are Canada's total yearly requirements of motor gasoline? . . . Approximately 800,000,000 gallons. Do these requirements have to cover both military and civilian needs? . . . Yes. Why cannot this supply be increased? . . . Because total hemispheric supplies are inadequate to meet both the colossal war demand and civilian needs. There is not enough oil, there are not enough tankers, for both. How much of Canada's petroleum needs is supplied from Canadian wells? . . . Only 15% Why can't this home production be increased? . . . Every effort is being made to do so. More new wells are being drilled or prepared for drilling, than at any time in the history of Western Canada, but we have yet to find a new Turner Valley. War does not wait for new production.

LESS CIVILIAN GAS MEANS MORE FIGHTING GAS FOR THE FORCES

England, is now planning an expansion of its activities. No organization connected with the Salvation Army ever does anything by halves, and it is to be hoped that Canadians will respond wholeheartedly to the national appeal which will be made by the Red Shield Women's Auxiliary for clothing to be used after the war for the relief of destitute Europeans.

The plan is far reaching. Preparations will be intensified and accelerated now that the liberation of millions of war victims is in sight. The immediate objective is to form 1,000 new sewing and knitting groups. In every district in Canada, women are needed to assume the leadership of a Red Shield group. There are 1,400 groups already in existence. This number must be increased to 2,000 or more, with a total membership of 100,000.

The reason for such a membership is obvious. The Red Shield Women's Auxiliary needs more than a million and a half articles of clothing by the end of this year. It is conservatively estimated that 1,300,000 articles of clothing and comforts are required for destitute victims of Nazi terror. The Salvation Army, in its work of mercy, has given its pledge that necessities will be forthcoming. These include clothing for men, women and children, bedding and hospital supplies.

Could anything be more important than this humanitarian work? That it will be done successfully is assured by the leadership of Mrs. George W. Peacock, national president of the Salvation Army Red Shield Auxiliary. Mrs. Peacock plans the way; let each community do its part. If three or four women will meet in some one's home, in a church parlor or elsewhere, a group can be started. The idea will spread like wild fire.

The policy of the Red Shield Auxiliary is never to send overseas anything the members would not wear themselves. Care is taken to make the clothing attractive as well as serviceable, and ingenuity is shown in "making over" or "making do." Red Shield groups are glad to receive contributions of heavier outer garments which can be made over into children's coats, ski suits, and other wintery apparel.

Women anxious to do something toward the relief of the millions in Europe have a splendid opportunity under the auspices of the Salvation Army Red Shield Auxiliary. They can spread good-will by helping the unfortunate people of war-torn lands to get a fresh start.

AVOID BREAKDOWNS and AVOID EXPENSE

BREAKDOWNS are always costly, either in time or money. And today lost time for any reason must be avoided.

One way of avoiding both breakdowns and expense to your farm equipment is to lubricate it with McColl-Frontenac Lubricants.

For, these famous petroleum products are designed to do a thoroughly dependable job.

Don't delay! Call on us for a supply of the lubricants listed below. They will help you avoid breakdowns and unnecessary expense.
